

Thawte Certificate Center Enterprise Account

Thawte Certificate Center Enterprise Account

Thawte® Certificate Center Enterprise Account enables organizations to obtain and manage multiple SSL and code signing certificates – easily and cost-effectively. Ideal for businesses that manage at least 10 certificates throughout the year, Enterprise Account gives you centralized management and purchasing control over your organization's certificates. Simply put, Enterprise Account can drastically cut the time and cost of managing multiple digital certificates, allow you to purchase certificates in bulk at discount prices, and issue most certificates instantly.

PROTECT DATA IN TRANSIT WITH A FULL RANGE OF SSL CERTIFICATES

Thawte Certificate Center Enterprise Account supports a wide range of digital certificates to meet your unique requirements:

- **Server Gated Cryptography SSL** – Enable site visitors to experience the strongest encryption possible with their browser
- **Extended Validation SSL** – Convert prospects to loyal customers and give customers confidence that your site is authentic
- **Subject Alternative Names for Unified Communications** – Reduce overhead by securing multiple domains within one SSL certificate
- **Wildcard SSL** – Control costs by securing multiple subdomains using a single certificate
- **Code Signing** – Reduce error messages and security warnings with “digital shrink wrap” for multiple code platforms
